JOSIAH TURNER, Jr., EDITOR.

COMBAT WITH AN ANACONDA.

At the earliest possible moment after camp had been pitched, says the late Capt. Speke, a hunt was set afoot, and Capt. Grant, myself, and some attendants, were soon making our way to the "patch."

There were no animals there when we arrived, except some hippopotami, and we were therefore obliged to await the coming of some more palatable game. Our patience, however, was severely taxed, and after a long delay, we were about to "bag" a hippopotamus, when an attendant, perched in a tree about half a mile distant, began waving his blanket. This was the signal that game was approaching. We immediately drew into cover, and awaited the approach of the latter.

We were not long delayed, for presently a long column of animals, from the elephant to the hoo doo, appeared in view, trotting at a good pace to the river. Their flanks were soon presented to us, and each selecting his object, fired.

McCall shot a fine young buffalo cow, whilst Capt. Grant was equally successful in shooting a hoo-doo; and several spears cast by our attendants, stopped the career of one or two different animals of the herd.

At this juncture, however, occurred an unexpected adventure, that finished our sport, for at least that day.

I had sprung forward immediately after firing, in order to obtain a fair shot at a huge elephant that I wanted to bring down on account of his immense tusks. I got the aim desired, and pulled the trigger of my second barrel. At the moment of my doing so, a wild cry of alarm, uttered by one of the blacks, called my attention. Glancing around, my eye chanced to range up in the foliage of the tree beneath which Captain Grant and myself had lain for several hours previous.

My feelings may possibly be imagined, as I beheld an enormous boa-constrictor, whose head had projected some distance into view ready to make the fatal spring.

His direction was certainly toward me; and as he flashed from his position like a thunderbolt, I gave myself up, for ere aid could reach me, the folds of the monster would have crushed my strong frame into a quivering pulp. I felt seemingly caught in a whirlwind of dust, and an indescribable scuffle ensued.

In the midst of this strife, I suddenly became conscious of the presence of a second victim, and even after the time that elapsed since then, I still recollect with what vividness the thought shot across my mind, that this second victim was Captain Grant my noble companion.

At last, after being whirled about for several seconds, each seeming to be interminable, there ensued a lull as of death, and I opened my eyes expecting to look upon the unexplored landscapes which are seen only beyond the grave. Instead of that, I saw Capt. Grant leveling his rifle toward me, while standing beside him were the blacks in every conceivable attitude of anxious suspense.

But in a moment I comprehended all. The huge serpent had struck a buffalo cow, between him and which I had unluckily placed myself, at the moment of firing upon the elephant. A most singular good fortune had, however, attended me; for instead of being crushed into a mangled mass with the unfortunate cow, my forearm only had been caught in between the buffalo's body and the constrictor. The limb laid just in front of the shoulder, at the root of the neck, and thus had a soft bed of flesh into which I was jammed.

As I saw Grant about to shoot, a terror possessed me, for if he refrained, I might escape after the boa released his fold from the dead cow, but should he fire and strike the reptile, in its convulsions it would crush or drag me to pieces. Even as this idea came to me I beheld Grant pause. He comprehended all. He could see how I was situated, that I still lived, and that my life depended on the will of the constrictor.—We could see every line on each other's face, so close were we, and I would have shouted or spoken, or even whispered to him, had I dared. But the boa's head was reared within a few inches of mine, and the wink of an eyelid would perhaps settle my doom; so I stared—stared like a dead man, at Grant and at the blacks.

Presently the serpent began very gradually to relax his folds, and after tightening them several times, as the crushed buffalo quivered, he unwound one fold entirely.—Thus he paused. The next iron-like band was the one that held me prisoner; and as I felt it little by little unclasping, my heart stood still with hope and fear.

Oh, how hardly, how desperately I struggled to command myself! I glanced at Grant and saw him handling his rifle anxiously. I glanced at the serpent's loathsome head, and saw its bright deadly eyes, watching for the last sign of life in its prey. Now, then, the reptile loosened its fold on my arm a hair's breadth, and now a little more, until half an inch separated my arm from its mottled skin. The second fold was removed entirely, and the next was easing. Should I dash away now, or wait a more favorable moment? I decided upon the former; and with lightning speed, I bounded away, toward Grant, the crack of whose piece I heard at the instant.

For the first time in my life, I was thoroughly overcome; and, sinking down, I remained in a semi conscious state several hours. When I fully recovered, Grant and the overjoyed negroes held me up, and pointed out the boa, who was still writhing in its death agonies. I shuddered as I looked upon the effects of his tremendous dying strength. For yards around where he lay, the grass, bushes and saplings, and everything, except the more fully grown trees, were cut clean off, as though they had been trimmed with a scythe.

This monster measured fifty one feet two inches and a half in extreme length, while around the thickest portion of its body the girth was nearly three feet; thus proving, I believe, to be the largest serpent that was ever authentically heard of.—*Capt. Speke's Journal of India.*

ANOTHER MAIL ROUTE.—A letter received since our last issue from Hon. O. H. Dockery, dated Washington, Feb. 8th says: "The Department, on the receipt of a reasonable bid for the route No. —— (Fayetteville to Clark's Mills, not resorting with the Carthage and Pekin route,) will give weekly service thereon." A petition for the re opening of this route was forwarded to the department a short time since, and this response will be good news to the people of a very destitute region of country lying west from Fayetteville.—*Fayetteville Presbyterian.*

KEROSENE LAMPS

NO SMOKE. NO SMELL.

NO CHIMNEY.

KEROSENE LIGHTS PERFECTED!

DANFORD'S

Atmospheric

KEROSENE LAMP.

THE ONLY PERFECTLY SAFE LAMP IN USE.

Artificial Light, of some sort, is a universal necessity; a safe, cheap, and brilliant one is a luxury; a luxury, too, only enjoyed heretofore by those living in large towns or cities where gas is used. Years of study and thousands of dollars annually have been spent by experimenters of different kinds, in trying to invent and perfect a burner or Lamp by which Coal Oil or Kerosene could be burned practicably, without the annoyance and trouble of chimneys; this long looked for and much desired subject has at last been obtained, and is styled the

ATMOSPHERIC KEROSENE LAMP!

Its adaptation to Dwellings, Churches, Railroads, Steamboats, Hotels, Stores, &c., is unsurpassed; in short, this invention brings the luxurious and brilliant Gas Light within the reach of all, whether in the City or Country. It gives the light of a six-foot Gas Burner, for less than one cent per hour, or double the quantity of light, of two ordinary chimney-lamp with one third less oil; will burn, when turned down to a proper light ten hours for one cent; is free from smoke or smell; can be carried from room to room; the wind will not blow it out.

This Lamp is destined to supersede all portable artificial light or chimney lamps now in use and needs only to bee seen to be appreciated; then and of them will find ready sale in every county, no family that uses this light for one evening will again be annoyed with the chimney lamps. Those hands of them will be used in cities, as this light is one-half cheaper than Coal Gas, and much more pleasant to the eye.

The sole right for the sale of this Lamp can be had for the entire State or the same will be sold by Counties.

Parties purchasing will be supplied, at wholesale, with the lamp and fixtures at reasonable rates.

Immediate application should be made to secure the choice of Counties.

The Lamps can be seen in full operation during the day and evening at the Yarborough House.

All letters will receive prompt attention and full explanation of the Lamp given.

GRANVILLE COURT.

The three days we spent at this Court satisfied us that the negroes of the League were as much demoralized as their white leaders, Lafin and Ragland, ("*honest John,*")

We spoke to the people on Tuesday, from the porch of the old Herndon Hotel. Half the audience stood in the rain for two hours, and among them, near 300 freedmen. We began at the Township, and talked through County and State affairs, up to Federal matters and there stopped.

The Township Commissioners of Oxford have levied a tax of $500 on the Township, and advertised to sell the property of the citizens if the tax is not promptly paid. A tax payer of the Township informed us there was no bridge to build, or anything requiring money, except to pay Township officers.

The county expense, under the Revised Code and old Constitution, was only $570; under the new Constitution and the Revised Code of Civil Procedure, the county expense is now $4,800.

We reminded them, that Lewis H. Kittle, chairman of the Board of Commissioners, charged for his services alone $794 - just $134 more than the whole county expenses were under the old Constitution and laws. We told them that they paid Lewis Kittle Col. T. L. Hargrove, the county attorney, just $104 more than the county of Mecklenburg paid for its whole county expenses.

We called to their minds the speech of "honest" John Ragland, the member from Granville, at the last Court; we told them that "honest John" spoke evil and slanderous words against a member of the Legislature. We told them that that member had made "honest John" retract and take back what he said of him, at the last Court, nor was that all; "honest John" had signed a paper writing averring that what he said was not only false but maliciously so, and that he had no foundation for the truth of what he said against his brother member.

We told them what we said was not to lessen their respect or impair their faith in "honest John," their chosen representative, that notwithstanding this little apparent self contration on the part of John, we assured them we had as much confidence in him as we ever had, and we should still look upon their servant, John, as *the honestest* man of his party, and more entitled to respect than any man who would vote for him. This announcement extorted from some of "honest John's" admirers a "hoorah for Ragland!"

When we came to State matters, we talked of taxes, special taxes, Railroads, State bonds, roguery and corruption; in fact we gave them what Pike calls our "old editorial." As evidence that the people enjoyed and heeded what we said, was the fact that hundreds stood, two hours, in the rain, wet to the skin, to hear what we had to say.

Our friends claim that Granville will go Conservative by a thousand majority; half of that will not leave a feather on the old kildee. After the speech we were invited, by Jordan Potter, Vice President of the league, to drink with him, at a free Republican treat, given in the street. We declined the honor, but accompanied John to the blue bucket of bad whiskey and water across the way, to see him imbibe. Dr. Paschall told Jordan his party were drinking up the people's taxes; Jordan said, no, that he and Burbon Smith, (white,) had paid for the treat. When the Doctor disputed the statement, Jordan, like "honest John," took back, and said it was Sheriff Moore's treat. So the people were not drinking up their taxes but only the Sheriff's commission on taxes.

At night, Lassiter and the leaguers attempted a rally; James Jones, late of the Confederacy, and its President's body servant, was the orator for the night. Judge Watts, Col. Hargrove, Lassiter and others, we heard, were specially invited to be present. There was some difficulty in getting a Chairman, one after another declining the honor. Soon after the organization, a motion was made for a Committee to draft resolutions denouncing Jo. Turner for denouncing Republicans.

James Jones, we are told, spoke to the motion after this wise: "Mr. Turner is not the bad man some people say he is; you go to Orange, and colored people will tell you that he will do them a kindness as quick as any man. He has not denounced you; it is true he did denounce your representatives and leaders, but let them answer Mr. Turner. Why did they not do so to day, when he denounced them? Why are they not here to-night? Where is Judge Watts? Where is Col. Hargrove? Where is Mr. Lassiter? why are they not here? If they won't fight their own battles, I shall not fight for them."

The motion to denounce was lost.

So much for the Conservatism of Jimmy Jones. He and John Page of Edenton, we hear, will be ruled out of the party, by Col. Moore and the old King of the klidees.

Theo. F. Klutz, Esq., has connected himself with the Salisbury *Examiner*, as Associate editor, and the regular issue of that paper will now continue.

THE GOVERNOR'S MESSAGE.

It may be so; there is such a rumor, that the wonderful, a range, and urgent message of the Governor, means the sale of the North Carolina Railroad. The Governor set his head for the sale, and then for the lease; now, it may be, he is again for the sale, as the lease failed.

The Governor says the Deaf, Dumb and Blind are about to suffer, the clothes for the Insane are about exhausted. The State Treasury is not only empty, but in debt to the Common School fund. "If speedy relief is not extended to the institution for the Deaf and Dumb and the Blind, the Directors may be forced to suspend the operations of the institution."

Yes, "cussing beloved," and the deplorable picture you paint in your message may be traced to your own door. Your proclamation for Littlefield and Swepson, and the signing of it "*respectfully yours,*" shows the relation you bear to the plunderers of the Treasury.

Littlefield, we hear, has not despaired of selling the North Carolina Railroad, even in his exile. Come, Governor, with the wants of the Treasury and the distress of the Deaf Dumb and Blind, we tell you, you are suspected of having played into the hands of the "Ring" who have brought these things about. Your silence while the public plunder of the State has been going on, leads men to believe that the "Ring" have you under their thumb.

The Treasurer sold, with your approval, the mortgage bonds of the North Carolina Railroad Company, at sixty-five cents, then and now at par. He made the wants of the treasury his plea for the sacrifice in the sale of the bonds. Littlefield and the "Ring," are, this moment, at work for the sale of the North Carolina Railroad; it is said $2500 has been offered for a member's vote for it; we believe, if necessary to accomplish it, half a million will be offered for the sale of the road.

Come, Governor, don't go off half cocked on the sale, as you did on the lease.—The large grocery establishments of the city can feed the Deaf, Dumb and Blind, until Treasurer Dave can make a raise.

MANDAMUS REFUSED.—We mentioned some days since that certain parties holding special tax bonds of North Carolina, had sued out a writ of *mandamus* against the Treasurer of the State, requiring him to pay over the money collected on the special levy, on the coupons held by the purchasers. The writ was returned before Judge Watts, at Chambers, and we learn the Judge refused to grant a *mandamus*.—This is, virtually, a decision that the acts making these appropriations are unconstitutional.

The matter will, we learn, be taken up to the Supreme Court.

MEETING OF REVENUE OFFICIALS

Pursuant to a previous call, the Assistant Assessors of the 4th District of N. C., met at the Assessor's office, on the 17th inst.

The meeting was organized by the election of Mr. J. B. Mason, chairman, and Maj. C. B. Whittemore, secretary, after which Gen. Jones addressed his Assistants in an able and instructive manner. Prominent U. S. Revenue officers being present, they were invited to address the meeting. After which there was an interesting and instructive discussion on the subject of annual taxes, the proper mode of proceeding to make assessments of special taxes, income tax, and articles in schedule A, and finally the best mode of assessing the tax on spirits, tobacco, &c.

The following resolutions were offered and adopted:

WHEREAS, There has been irregularities heretofore in the mode of making the annual assessments and Gen. Willie D. Jones, U. S. Assessor of 4th District of N. C. under the instructions of the Commissioner of Internal Revenue, called a meeting of his assistants, for the purpose of adopting a uniform system of assessments, therefore

Resolved, 1st. That we will so operate in making prompt and uniform assessments of the annual list throughout the District.

FRIDAY, Feb. 18, 1870.

The Speaker voted yea. The bill then passed its several readings.

The unfinished business was then resumed, to-wit:

The question recurred upon Mr. Moore's, of Chowan, motion to postpone the whole matter until Monday morning, next.

Mr. Sinclair moved to amend by postponing until Tuesday at 11 o'clock.

The yeas and nays were called, and the motion to postpone as amended prevailed, by a vote of yeas 61, nays 3.

The main motion (that of postponing) was put to a vote and lost.

The question recurred upon Mr. Malone's substitute. (Published before.)

Mr. French took the floor and made a lengthy argument against the original bill and in favor of the substitute.

Mr. F. moved to postpone the whole matter until Thursday next at 11 o'clock.

The yeas and nays being called, the motion was rejected by a vote of yeas 26 nays 42.

W. T. Hayes, col., moved to adjourn.—Lost.

Eagles, col., spoke in favor of reconsidering and in opposition to the bill.

The yeas and nays were called and the motion to reconsider prevailed by a vote of yeas 41 nays 2 not.

On motion the House adjourned.

SENATE.

SATURDAY, Feb. 19, 1870

The Senate was called to order at 10 o'clock.

BILLS INTRODUCED.

By Mr. Hayes: Bill to secure the holders of bonds issued by the State to the Williamston and Tarboro' Railroad Company. Referred.

By Mr. Cherry: Bill to authorize J. Foley, Sheriff of the county of Pitt, to collect arrears of taxes. Referred.

By Mr. Love: Bill to incorporate Hayesville Masonic Institute. Referred.

THIRD READING OF BILLS.

The following bills passed their third readings, to wit:

Bills authorizing the County Commissioners of Chowan, Perquimans, Burke, Oaslow, Sampson, and Richmond to levy a special tax.

Bill to amend the charter of the Town of Granville.

Bill to incorporate the Town of Black Creek in the County of Wilson.

Bill to amend the Charter of the Louisburg Branch of the Wilmington and Weldon Railroad Company.

Bill to incorporate the Mechanics Building and Loan Association of the city of Raleigh.

Bill to incorporate the Trustees of Ebenezer Church in the County of Mecklenburg.

Bill to incorporate the Reversion Manufacturing Company of the County of Richmond.

Bill to amend an act to extend the corporate limits of the town of Lumberton.

Bill to incorporate "Reliance" Bucket and Axe Company of Newbern.

Bill to incorporate the B. nevolent Sons of the county of Edgecombe. (This bill was explained by Mr. Bellamy as being an act to incorporate a benevolent society of NEGROES, whose purpose is to take proper care of their race, who are too old to take care of themselves and also of orphan children who are too young to work.)

Messrs. Shoffner and Smith voted against its passage.

Bill to incorporate Stonewall Lodge No. 296.

Bill to extend the corporate limits of the Town of Pittsboro.

Mr. Barnes offered to amend the bill by adding the following proviso: *Provided*, That the citizen voters of the town of Pittsboro, and of the proposed territory that is to be annexed thereto, shall vote for or against extending the incorporation.

Mr. Lindsay moved to amend the proviso by striking out after the citizen voters, "of the town of Pittsboro' and."

Messrs. Jones, of Mecklenburg, and Lindsay urged the adoption of this amendment, upon the ground that it was not just to allow 500 voters who reside within the present limits of the town of Pittsboro, and who are interested personally in having the burthens of town taxation shared by country people, to bear down by their votes, a dozen men whose interests are different and who derive no special advantage from the town government.

Messrs. Burns, Davis and Jones, of Wake, opposed the amendment and urged the adoption of the proviso in its original form.

Mr. Lindsay's amendment was voted down, and the proviso of Mr. Barns was adopted.

Bill in favor of Hugh B. Guthrie, late Sheriff of the county of Orange.

Mr. Graham moved that the name of Hugh B. Guthrie be stricken out of the bill, and that of John Turner, the present Sheriff, be inserted. He did not know who introduced the bill in the other House. It was not done by the member from Orange. H. B. Guthrie was a defaulter to the State and county, for the year 1867. The balance, $5,000, of the State tax, for that year has been collected out of the property of one of his sureties, and a balance of the county tax has not been paid. To allow Guthrie to collect this money would be in just to his sureties who have suffered so heavily. The present Sheriff has a good bond, and if the tax was collected by him, it would be honestly accounted for.

Mr. Jones of Wake, said he had known Col. Guthrie, for several years. If he (Guthrie) was a rascal or scoundrel he did not know it, and it was the first time he had ever heard such a charge made against him. He knew that there was a very wide political difference between the Col. and the Senator from Orange and he also knew that Col. Guthrie had been persecuted for his political sentiments. The Ku Klux had even surrounded his house and on one occasion had taken a man out of his (Guthries) house and severely whipped him. He was opposed to acting upon the bill until the evidence on the other side could be obtained or until Col. Guthrie could be heard from, and moved to postpone the further consideration of the bill until Saturday next.

Mr. Graham, said he was free to admit that there was a very wide difference not only "politically" but "personally" between himself and Guthrie, and he was willing for the Senate to decide, (although a large majority of them differed with him politically) whether the insinuations of the Senator from Wake were just or true, that he was actuated by a partizan feeling in making the motion he had done. The remarks of the Senator in reference to what the Ku Klux had done, was foreign to the subject under consideration and had nothing to do with it. The only question for the Senate to decide was whether they will allow a defaulter and a man who is under to bond to collect this tax or whether they will authorize John Turner, who has given a good bond, to make the collection, he had no personal interest in the matter, but he could not remain silent and see the taxes of his County go into the pocket of a defaulter. The motion to postpone should not prevail and he hoped the Senator from Wake would see the propriety of withdrawing it.

Mr. Welker said he agreed with the Senator from Orange, that if the former Sheriff Mr. Guthrie was under no bond that it would not be proper to entrust him with the collection of these taxes. He did not know much about Mr. Guthrie, but from what he had seen or heard of him, he was free to confess that he was not very favorably impressed.

Mr. Jones of Wake, disclaimed any intention of casting improper reflections on the Senator from Orange and withdrew his motion to postpone and the amendment was adopted.

CALENDAR.

Bill to incorporate the Newton Female Academy, passed its second reading.

Bill to lay out and construct a Turnpike Road through the counties of Ashe and Alleghany, was rejected.

Bill to authorize the Commissioners of the county of Northampton to levy a special tax, passed its second reading.

Bill to amend the charter of the town of Franklinton, passed its second reading.

On motion the Senate adjourned.

UNFINISHED BUSINESS.

Bill (Senate) to repeal acts of last session making appropriations to certain Railroads.

The question recurred upon the motion to refer to a special committee of three.

Mr. Malone moved to amend by referring to the Judiciary.

Mr. Jarvis withdrew his motion to refer to a special committee of three.

Mr. Welch renewed the motion to refer to the Judiciary Committee and make special order for Tuesday next at 11 o'clock.

Mr. West favored the reference.

Mr. Hodnett opposed it and advocated the immediate passage of the bill.

Mr. Ingram favored the motion.

Wm. Cawthorne opposed the reference.

Mr. Sinclair wanted to get at a direct vote on the original bill and have it passed without any amendment. He hoped the motion to refer would not prevail.

Mr. Candler argued against an immediate passage of the bill and favored the motion to refer.

Mr. Pou next occupied the floor in opposition to the reference and in support of the bill as it came from the Senate.

B. W. Morris, col., was in favor of the reference and did not think that such an important measure as the bill under debate, should be passed without due consideration.

Mr. West favored reference, and said, he would not support the bill in its present shape.

Messrs. Smith, of Martin, and Harris, of Wake, col., opposed any reference.

W. T. Hays, col., favored it.

Isham Sweat, col., moved to adjourn.—Lost.

After some further discussion a vote was taken upon Mr. Welch's motion to refer to the Judiciary Committee and make special order for Tuesday, and was rejected by a vote of yeas 31, nays 46.

W. T. Hayes, col., moved to adjourn.—Lost.

After a long debate upon numerous motions to postpone and refer, and numberless points of order, the matter was referred to the Judiciary Committee, with instructions to report on or before Wednesday.

House then adjourned.

THE FRUITS OF GAMBLING.

Every winter gambling rages like an epidemic in this city. Thousands come from the interior, and many of them are either veterans at the business, or they are in just the condition to become victims. Happening not long since into a prominent store, we found that the book keeper was under police surveillance, he having just been detected in a defalcation amounting probably to some thousands of dollars in all. He had been visiting gambling houses, first as a spectator, and then as a gambler. He staked his own money and lost. Then he staked his employers' and lost that. If he had not been detected he would have gone on staking his employers' money until the latter would have been ruined. The number of such defalcations which never get to the ears of the public, is very great. When a clerk, book-keeper, or other young man holding a position of trust, goes into a gambling house as a spectator, he is more than half gone. The robbing of his employer is only a question of time. The one radical step taken, he will take another. There are scores of persons serving in these relations of trust, who frequent gambling houses now, not one of whom would be trusted were the facts known to their employers. If a young man is so far infatuated as to become the witness of games in a gambling house, he will be more infatuated and try his luck at the gaming table. Having lost his own money, he will become still further infatuated, and will stake his employers' money. If he loses he is ruined. The young man who goes to look on in a gambling den goes there to rob his employer. He will do it none the less certainly that he is not conscious of any such purpose. There must be a law of restraint strong enough to keep him away from such dens and cause him to detest the whole business, or failing in this, he will fall an easy prey to those whose business is robbery and ruin.—*The Pacific.*

Occupational Ailments.

Fresh, pure air is a vitalizing elixir. Whoever is debarred by circumstances from unrestricted access to this invisible, but powerful stimulant needs a medicinal invigorant of some kind.—The great object should be to choose the best. Popularity is a pretty good guarantee of merit in this scrutinizing and intelligent age, and tried by this criterion Hostetter's Stomach Bitters stands first among the invigorating and regulating medicines of the present day. To the wants of persons engaged in indoor employments, especially in crowded factories where even with the best possible ventilation the atmosphere is at all times in some degree polluted, this salubrious vegetable tonic is peculiarly adapted. The nature of the ingredients is no mystery. It consists of an absolutely pure diffusive stimulant, tinctured or rather surcharged—with the fluid extracts of sanatous roots and barks and herbs. The pharmacopœia has its tinctures, but what are they? The juice of only a single root or bark or plant is present in each. Not one of them combines the three properties of a tonic, an alterative, and an aperient. All these elements are blended in the Bitters; nor are these the sum of its medicinal recommendations. It is also a blood deparent and an anti-spasmodic. The baleful effect which air that has been partially exhausted of its oxygen by frequent breathing produces on the vital organization, is notorious, and when to this devitalized atmosphere is superadded the mephitic vapor of hot air furnaces, it becomes deleterious and depressing in the extreme. To enable the system to bear up, even for a few hours each day against the debilitating influence of a vitiated atmosphere, a wholesome tonic and alterative is urgently required. This grand desideratum is supplied in Hostetter's Bitters, which as a strength-sustaining, health protecting agent has no rival either among official or advertised medicines.

ON THE NIGHT OF FEB. 1st, I HAD A Mare stolen from my stable in Chatham county; on Thursday 3rd, the mare was sold to Mr. Wm. Hobby is about 22 years old light complexion, no whiskers, almost yellow hair, about 5 feet 10 inches high, and weighs about 143.

The following extracts from certificates received from those who used it last year upon Cotton will have the effect to remove the prejudice produced by the use of manufactured fertilizers, and give confidence in this home made article.

H. Leterman, Agent of Bertie county N. C., writes: "I have used your Phosphate Fish Guano in equal quantities side by side with Peruvian Guano and found the product much in favor of your article, the weed was larger, Cotton heavier and the plant took from 5 to 6 the dry matter.

CITY AND STATE ITEMS.

MONDAY, FEBRUARY 21, 1870.

☞ Thos. N. Ramsay, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

New Ads.—Proposals for McAdamizing city streets.

Davis & Drake, Petersburg Va., jobbers in Dry Goods—merchants will note the advertisement.

Julius Lewis—non explosive oil and other goods.

Messrs. W. H. & R. S. Tucker & Co., as usual, ahead of all slow coaches, read the inducements offered by them this morning.

Corporation stocks at State National Bank.

A nice little tract of land near the city, for sale.

Remember.—Regular meeting of Hiram Lodge to night.

Personal.—We had the pleasure of receiving a call, on Saturday, from Gen. M. W. Ransom, of Northampton. The General is looking quite well and in good spirits, and gives a favorable account of farming operations in his county.

Representative for Orange.—F. N. Strudwick, Esq., was elected, on Thursday last, Representative in the House of Commons from Orange, in place of Dr. J. J. Allison, resigned. There being no opposition the vote was a meagre one.

Quite the Contrary.—Somebody says the *Standard* has got a new editor, since Pike has been "absent from the city." All a mistake; the *Standard* has got an *old editor*, since Pike left.

Incorporated.—The bill incorporating the Rescue Steam Fire Engine Company, No. 1, of the City of Raleigh, passed the House on Saturday, and is now in force.

The Company will now go to work and do their part in making their organization effective. It remains to be seen whether those who are *more* interested than they are will render the necessary co-operation.

Wyman.—gave his farewell exhibition, for the present, at Tucker Hall, on Saturday night to an overflowing house, and many valuable presents were distributed. No one draws such crowds in Raleigh as Wyman.

A Saving.—The question was asked in the Senate, on Friday, where the Senate printing was done, since abolishing the office of public printer. Mr. Welker, one of the printing committee of the Senate, answered, that it was done at the office of Messrs. Nichols and Gorman, that it was done well, and *twenty five per cent cheaper* than it had been done by the late public printer.

Now let's see what the State has lost by its printing operations:

The bills for printing, to say nothing of binding, has been, since Littlefield's appointment not less than $40,000; now at a difference of 25 *per cent*, the State has lost ten thousand dollars!

But, the *Standard*, the Governor's organ got it—but the people paid it.

Pescud, Lee & Co.—For the information of those interested, we mention that Messrs. Pescud, Lee & Co. have a fine assortment of fresh and genuine garden seeds, grass and clover seeds, lawn grass seeds, &c., &c.

They have greatly enlarged their stock of Drugs and Medicines, and other goods in their line, and, we are glad to see, are doing a very thriving business. Persons passing down Fayetteville street, will readily find the place by the large bronze mortar and pestle on a big post in front of the door. By the way, their stock of liquors for medical purposes, is of a purity to be relied on, being obtained directly from the importers.

And Yet Another.—One by one they go glimmering "where the wood bine twineth." The last case was that of one Brady, a carpet bagger, who taught a colored school near Kittrell's Springs, and was elected Clerk of Kittrell's township, in Granville county. Having recently forged the name of Dr. Bryant to an order for some medicine at a Henderson Drug Store, and fearing an indictment, which certainly would have been instituted, he decamped, just before Granville Court, with $60 of the Township funds in possession, and since then "school don't keep." So says the *Index*.

Ki Kross.—This persecuted individual, who, from some cause has brought down on him the ill will of the *Standard*, and had his good name most unceremoniously and violently assailed in that heretical sheet, which seems of late to gloat over every opportunity that presents itself to attack its colored friends. Ki. says that he did not "snatch" the three dollars from the man, as represented in the *Standard*, but that he beat the gambler, with whom he bet, at his own tricks, and won twenty-two dollars of him, and that he got the money and has it yet.

Ki. requests us to say for him, that probably he might have been able to "snatch" more than three dollars, and escaped the abuse of the *Standard* to boot, if he had taken lessons under men, who "snatch" State bonds by the million, and then run away to get out of reach of investigating Committees.

Why the *Standard* should thus go out of its way to abuse and ridicule its colored friends, after all they have done for that paper and its party, is more than we can comprehend, unless that paper, like the *Post*, design running on the line of a white Republican party.

Incendiarism.—The dwelling of Mr. T. S. Cavender, as we learn from the Charlotte *Bulletin*, was fired by an incendiary, about 4 o'clock Thursday morning last, and was consumed with all its contents, the family barely escaping in their night clothes.

Water! Water!—The city needs water and ought to have it—ought to have it to put out fires with, and wash with, and to drink. But there is such a thing as water-free as it ought to be, costing too much; and that would be the case in carrying out the programme of the City Commissioners, as published in the *Standard* of Saturday morning.

The committee report that a good supply of water can be had within two miles of the city, at $6 per foot, for 12-inch pipe, and that a reservoir can be constructed for $15,000. Let us see:

2 miles are equal to 10,560 feet at $6 per foot amounts to	$63,360
Reservoir,	15,000
	78,360

Thus it will be seen that, by their own calculation, it will cost $78,360 to convey the water to the city, and make a reservoir to put it in. Now we calculate thus:

Amount as above,	$78,360
One Engine, say,	8,000
Four miles of pipe to carry water over the city equal 21120 ft. at $3,	63,360
	$149,720

Add to the above salary of engineer and other employees, and what will it cost the city to get water, according to the Commissioners' programme?

A more important question is, where is the money to come from? Are the people of the city to be taxed to raise this enormous debt? or is the city to be saddled with such a debt, in addition to what she already owes, by the issue of bonds? Just as well advertise and sell out the place at once!

The people are hard put to it to pay their city taxes, now, in addition to all the other public claims upon them.

Better raise a private Company, or try some cheaper scheme; this heavy tax or heavy debt, won't do.

February 22nd.—To-morrow is the anniversary of the birth of the "Father of his Country." To-morrow, the Republican State Executive Committee meets in Raleigh.—There is a startling disparity in the character of the two events!

We have some curiosity to know who of the Committee will endorse the actions of his party since the last meeting. We want to see how they assimilate; whether the condition of the State brought about by the rule of the party is considered a trivial matter, or one requiring the inauguration of a new policy.

Taylor's Hotel.—In our advertising columns will be found, this morning, a card of Taylor's Hotel, at the Jersey City terminus of the ferries communicating with all parts of New York. In alluding to this Hotel, the Wilmington *Journal* says:

Taylor's Hotel is a great resort of Southern people, especially those visiting New York on business. Situated near the Jersey City terminus of the ferries to all portions of the city of New York, the location is really more advantageous than the "up town" hotels. It is within ten to fifteen minutes' ride and walk of the business portion of the city. Ferry boats leave the Jersey City dock in a few yards of this hotel for all the Hudson River docks every few minutes throughout the day and night.

Connected with the management of Taylor's Hotel is Dr. Wm. C. Wickings, of Virginia, late of the Spotswood Hotel, Richmond, who will pay special attention to Southern guests. A friend in this city who has been a guest informs us that the rooms are elegantly furnished at prices fully one-half lower than those prevalent in similar first class hotels on Broadway. We should advise a trial by all means.

Free From Dirt.—Is there any hair coloring preparation, either here or in Europe, that resembles Phalon's Vitalia, or Salvation for the Hair. Not one. It is a clear, fluid that flows from the bottle; does not stain the skin, and produces none but natural shades of color. It has no sediment. Sold by all druggists and fancy goods dealers.

Mothers be Advised.

Always keep a bottle of Dr. TUTT'S CELEBRATED EXPECTORANT in the house. It is a certain and pleasant cure for Croup, Coughs, Colds, &c. It is agreeable to the taste, and children take it readily. Go to your Druggist and get it at once, it may save the life of your little one.

feb 14 eod1w

Coughs and Colds are often overlooked.

A continuance for any length of time causes irritation of the Lungs or some chronic Throat Disease. "*Brown's Bronchial Troches*" are offered with the fullest confidence in their efficacy, giving almost invariably sure and immediate relief.

feb 14 eod1w

Plows.—We learn that Mitchell, Allen & Co., of Newbern, N. C., have procurred Steel Cotton Sweeps, made from the original patterns of David Dixon, Esq., of Georgia, they charge $5 for each, when stocked $7.

This firm is selling a large quantity of plows manufactured by themselves. They sell No. A. 6, 10, 11, and 50 plows at 2.50. Would it not be well for farmers to club in each neighborhood, and order together so as to get the freight cheap. Mitchell, Allen & Co., have the agency for the Foster Cotton Planters, and every variety of agricultural implements. dim

Just Over.—*Cherry Pectoral Troches*, superior to all others, for Colds, Coughs, Sore Throats, Bronchitis and Horseness. None so pleasant, none cure so quick.

BUSHTON & CO.,

NON-EXPLOSIVE COMBINATION BURNING FLUID.

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!
No more Smoke!—No more Grease!
No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

It costs less!—It lasts longer!—Gives a more Brilliant Light!—May be burned in hand lamps, without chimney.

Guaranteed to make a better and safer Light than Coal Oil and to be NON-EXPLOSIVE!!!

No accidents have ever happened with it.

Protected by Copy right for 28 years from May 8th 1869.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and unobjectionable to the eyes. All that is asked is a fair and impartial trial.

Among the numerous testimonials received read the following:

Philadelphia, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

PRATT'S

"ASTRAL" OIL.

UNLIKE MANY OTHER ILLUMINATING Oils, *is perfectly pure*, and free from all adulterations or mixtures of any kind. It emits no offensive smell while burning, gives a soft and brilliant light, and can be used with the same assurance of safety as gas. Chemists pronounce it the best and *safest* Illuminating Oil ever offered to the public; and Insurance Companies indorse and urge upon consumers the use of the "Astral" Oil in preference to any other. It is now burned by thousands of families, and in no instance has any accident occurred from its use; a lamp filled with it, if upset and broken, will not explode. *To prevent adulteration*, the "Astral" Oil is packed only in the Guaranty Patent Cans, of 1 gallon and 5 gallons each, and each can is sealed in a manner that cannot be counterfeited. Every package with uncut seal we warrant. Be sure and get none but the genuine article. Pratt's "Astral" Oil, for sale by dealers everywhere, and at wholesale and retail by the proprietors

3d. Policies Non-forfeiting after the first payment.

4th. Policies indisputable from any cause save fraud.

5th. No restrictions of Residence, Travel or occupation.

8th. This company issues policies guaranteeing six per cent. compound interest in addition to the insurance of the amount insured. The Globe has peculiar claims upon the Southern country, from having first introduced the non-forfeiting feature in all its policies. Its President, Mr. Pliny Freeman, was the inventor of the ten-year, non-forfeiture plan, and introduced it in the Company with which he was then connected.

The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,84
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,09
UNIVERSAL,	22,24
JOHN HANCOCK,	18,27
THE NATIONAL,	65,43
THE ÆTNA,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 589 policies, received an income of seventy-eight thousand dollars, and possessed nett assets amounting up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,337 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars and had amassed solid, securely and profitably invested nett assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
